

Check us out at our Facebook page, Little Kanawha Valley Christian School

Open Enrollment for New Students at LKVCS

Even though our classrooms are filled with empty desks and void of children's laughter and precious voices for now, our teachers have worked daily since March 13th with our students in videoing teaching Bible class and each of the core subjects. Our children see the faces of not only their teachers but those of all their classmates. Activities Day is included each week to help encourage outdoor adventures, chore time, and extra time in creating stronger family bonds. For now, that is a snapshot of our school. We are here for the families that want a Christ-centered quality education that nurtures not only what is taught within the classroom walls, but the life skills necessary to be responsible community members who will take pride in a job well-done. We promise to guide your child's education with the best book available, God's Holy Word, the Bible. Our prayer and hope is that if this appears to be the place for your child and your family, you will contact us today with your questions.

Love – Kindness – Vision – Charity - Service
